SERVICE AND REGULATORY ANNOUNCEMENTS

BUREAU OF ANIMAL INDUSTRY

NOVEMBER, 1928

[This publication is issued monthly for the dissemination of information, instructions, rulings, etc., concerning the work of the Bureau of Animal Industry. Free distribution is limited to persons in the service of the bureau, establishments at which the Federal meat inspection is conducted, public officers whose duties make it desirable for them to have such information, and journals especially concerned. Others desiring copies may obtain them from the Superintendent of Documents, Government Printing Office, Washington, D. C., at 5 cents each, or 25 cents a year. A supply will be sent to each official in charge of a station or branch of the bureau service, who should promptly distribute copies to members of his force. A file should be kept at each station for references.]

CHANGES IN DIRECTORY

Meat Inspection Granted

56. Hutcheson Products Co., 162 West Washington Street, Chicago, Ill.

Meat Inspection Withdrawn

3–DD. Swift & Co., Beaumont, Tex.
384. Briggs Packing Co. (Inc.), Washington, D. C.
671. La Touraine Co. (Inc.), New York, N. Y.
737. Robert L. Eby Co., Lebanon, Pa.
*926. A. Horhovitz, Trenton, N. J.

Meat Inspection Extended

832. Adolf Gobel (Inc.), Washington, D. C., to include Briggs Co., and Keane-Loffler (Inc.).

Change in Name of Official Establishment

4. United Sausage Co., 15 Mercantile Street, Boston, Mass., instead of United Sausage Co. (Inc.).
987. Joseph F. Rezendes & Co., 433 South Second Street, New Bedford, Mass., instead of Joseph F. Rezendes.

* Conducts slaughtering.

Substation Discontinued

Beaumont, Tex., meat inspection (under Houston, Tex.).

Change of Official in Charge

Dr. C. N. McBryde, P. O. box 177, Ames, Iowa, succeeds Dr. W. B. Niles.

NOTICES REGARDING MEAT INSPECTION

SPECIAL CERTIFICATE FOR ANIMAL CASINGS FOR POLAND

Information has been received to the effect that the Government of Poland requires a special sanitary certificate, in both English and French, for animal casings exported to that country. Accordingly, in the future M. I. Form 169 (Sanitary Certificate) fully executed and signed on both sides shall be issued in duplicate for each consignment of animal casings destined to Poland. Such casings must be derived only from animals which have been United States inspected and passed. Inspectors will satisfy themselves of the origin of the casings. A duplicate copy of M. I. Form 169 should be forwarded to the Washington office.

LABELING PRODUCTS "SHANKLESS" AND "HOCKLESS"

The terms "shankless" and "hockless" are applicable only to hams and shoulders from which the shank or hock has been completely removed, thus eliminating the entire tibia and fibula or radius and ulna, respectively, together with the overlying muscle, skin, and other tissue.

NAVY SPECIFICATIONS FOR SAUSAGE, FRANKFURTER STYLE

Inspectors in charge will please be governed by the following communication received from the Bureau of Supplies and Accounts, Navy Department, Washington, D. C.:

"Subject: Navy Department Specifications 56–S–24d, dated September 1, 1928.

"1. In third line on page 2 of subject specification the word 'nitrate' appears in error; the word 'nitrite' should be substituted therefor."

CERTIFICATE FOR SHEEP, LAMB, OR HOG SAUSAGE CASINGS DESTINED TO NEW ZEALAND

The New Zealand regulations dated October 1, 1928, governing the importation into that Dominion, of sheep, lamb, or hog sausage casings, provide that these articles may be admitted at the ports of Auckland, Gisborne, Napier, Wellington, Lytleton, Port Chalmers, Dunedin, or Bluff, when accompanied by a certificate in the following form duly executed by the exporter and bureau inspector:

[Form No. 1]

I, _____ of the _____
(Give name and status) (Give name of premises

_____ situated at or near
where casings produced or prepared)

_____ in the county or district of _____,
(Give name of town)

in the country or State of _____, do hereby solemnly and sincerely declare that the sausage casings more particularly described below to be shipped by _____, of _____, to _____, of _____, were derived from animals which received ante mortem and post-mortem veterinary inspection at the time of slaughter, and were found to be healthy and in every way suitable for human consumption; that such casings are sound, healthful, wholesome, and otherwise fit for human consumption, and have not been treated with chemical preservatives or other

foreign substances injurious to health, and that the said casings have been handled only in a sanitary manner, and were not subject to contagion prior to exportation.

Description of casings

Number and description of packages	Description of casings	Brands and marks

And I make this solemn declaration conscientiously believing the same to be true, and by virtue of the provisions of _____

_____

(State here under what statutory provisions the declaration is made)

Signed _____

Declared at _____, this _____ day of _____, 19___, before me.

Signed _____

(N. B.—In any British country the declaration is to be made before a justice of the peace, notary public, or other person authorized to take it. In any country outside the British Empire the declaration is to be made before a British consul or vice consul or before any other authorized person.)

[Form No. 2]

GOVERNMENT VETERINARIAN'S CERTIFICATE TO ACCOMPANY SAUSAGE CASINGS TO NEW ZEALAND

I, _____, a duly qualified veterinarian now
(Insert name)
employed by the Government of _____, hereby certify that I have no reason to doubt the correctness of the above declaration in any particular.

Dated at _____, this _____ day of _____, 19___.

Signed _____

Veterinary Inspector in Charge, Meat-Inspection Service.

Accordingly, hereafter a certificate as a single document, including Form No. 1 and Form No. 2 as above specified shall be furnished in duplicate fully executed by the exporter and bureau inspector in charge for each consignment of sheep, lamb, or hog sausage casings destined to New Zealand. The certificate forms shall be supplied by the exporter. The wording of the certificate limits certification to casings derived from animals slaughtered in official establishments and handled only in a sanitary manner. Inspectors will satisfy themselves of the origin of the casings and the sanitary handling thereof before issuing certificates. Furthermore, all such casings intended for exportation to New Zealand shall first be examined by bureau inspectors in official establishments and only those found fit for use as sausage containers in such establishments shall be certified. A copy of each certificate shall be forwarded to the Washington office.

ANIMALS SLAUGHTERED IN OCTOBER, 1928, UNDER FEDERAL MEAT INSPECTION IN DISTRICTS REPRESENTED BY THE CITIES IN THE FOLLOWING TABLE

PERMITTED DISINFECTANTS

In accordance with the provisions of B. A. I. Order 309, governing the interstate movement of livestock, the bureau has granted permission for the use of the following saponified solutions, in the general disinfection of cars, yards, and other premises:

To Adolphe Grotta, 56 Montana Street, Germantown, Philadelphia, Pa., for the distribution and use of "Keystone Brand Saponified Cresol Solution" under the name of "Grotta Zoo-O-San No. 1," which is identical with "Keystone Brand Saponified Cresol Solution" manufactured by James Good (Inc.), 211 East Susquehanna Avenue, Philadelphia, Pa.

To Standard Drug Co., Meridian, Miss., for the distribution and use of "Crestall Dip" under the name "Stanco Solution of Cresol Compound," which is identical with "Crestall Dip," manufactured by Baird & McClure (Inc.), Holbrook, Mass.

PERMITTED DIP FOR CATTLE FOR TICKS

The bureau has granted permission to the U. S. Chemical & Sanitary Supply Co., 226 South Franklin Street, Tampa, Fla., for the distribution of "U. S. Tick Dip," under the trade name of "Acme Cattle Tick Dip," for use in the official dipping of cattle for ticks. This dip is manufactured by the U. S. Sanitary Specialities Corporation, 435 South Western Avenue, Chicago, Ill. The dilution for dipping cattle for interstate movement is 1 gallon of dip to not more than 127 gallons of water. This will yield a solution containing not less than 0.22 per cent actual arsenious oxide.

[1] Fractions denote veterinarians devoting part time to hog-cholera work.

NOTE.—No work reported from Utah.

THE USE OF TRANSPORTATION REQUESTS

The General Accounting Office has recently seen fit to enforce strictly the requirements of paragraph 20 of the travel regulations relative to the use, when practicable, of transportation requests for all official travel when the fare is $1 or more. Inspectors in charge and others performing official travel will endeavor to comply with this requirement, when practicable, and in all cases when requests are not used a brief statement should appear in the account showing why their use was not practicable. If any transportation company, including stage and autobus, refuses to accept requests, a statement to that effect will show the impracticability. If an individual has not been furnished with a supply of requests by the inspector in charge, a statement to that effect should appear in the account. If supply has become exhausted it should be so stated, etc. The mere statement that it was impracticable will not be accepted, but almost any statement of the facts will show the impracticability.

This notice applies to all future accounts. Supplies of requests should be ordered in accordance herewith.

RESULTS OF PROSECUTIONS FOR VIOLATIONS OF LAWS

Fines have been imposed in prosecutions for violations of regulatory laws, as reported to the bureau, as follows:

LIVESTOCK-QUARANTINE LAW

Amedy Guillet, Auburn, Mass., interstate movement of 15 tuberculous cattle from Connecticut to Massachusetts, $100 fine.

H. O. Harrison, Woodland, Calif., interstate shipment of 299 cattle from California to Iowa without prior tuberculin test, $50 fine; also similar shipment of 159 cattle, California to Iowa, $50 fine.

Harrison Stock Farm, Woodland, Calif., interstate movement of 39 cattle from California to Iowa without prior tuberculin test, $50 fine.

J. W. McGuire, Audubon, Iowa, interstate shipment, from Iowa to Illinois, of one cow which had reacted to the tuberculin test, $100 fine.

NEW PUBLICATIONS OF THE BUREAU

[The bureau keeps no mailing list for sending publications to individual employees, but sends copies to officers in charge of stations and offices. These publications should be regarded as notification copies. So far as possible additional copies will be furnished on request.]

Technical Bulletin No. 85. Factors that Influence Wool Production with Range Rambouillet Sheep. By D. A. Spencer, J. I. Hardy, and Mary J. Brandon, Animal Husbandry Division. Pp. 48, figs. 15.

Farmers' Bulletin 954 (revised). The Disinfection of Stables. By George W. Pope, Chief, Field Inspection Division. Pp. 13, figs. 9.

Farmers' Bulletin 1069 (revised). Tuberculosis in Livestock. By Alexander E. Wight, Chief, Tuberculosis Eradication Division. Pp. 22, figs. 12.

Farmers' Bulletin 1179 (revised). Feeding Cottonseed Products to Livestock. By E. W. Sheets, Chief, Animal Husbandry Division. Pp. 14, figs. 2.

Report of Chief, Bureau of Animal Industry, for the fiscal year 1928. Pp. 53.

Amendment 6 to B. A. I. Order 310, declaring the following-named counties to be modified accredited areas for a period of three years from November 1, 1928: Marion, Morgan, and Wabash, Ill.; Decatur and Shelby, Ind.; Brown, Carlton, Dakota, Goodhue, Le Sueur, and Watonwan, Minn.; Clay, Nebr.; Holmes and Licking, Ohio; Sullivan, Pa.; and Albemarle, Va. The following-named counties have been reaccredited for a period of three years from the same date: Gem, Idaho; Clark, Polk, and Pottawattamie, Iowa; Johnston, Martin, and Wake, N. C.; and Erie and Huron, Ohio. P. 1 (mimeographed).

B. A. I. Order 312. To prevent the spread of splenetic, southern, or Texas fever in cattle, effective December 1, 1928. Pp. 3.

ORGANIZATION OF THE BUREAU OF ANIMAL INDUSTRY

Chief: JOHN R. MOHLER.
Associate Chief: U. G. HOUCK.
Assistant Chief: A. W. MILLER.
Administrative Assistant: CHARLES C. CARROLL.
Chief Clerk: J. R. COHRAN.
Editor: D. S. BURCH.
Animal Husbandry Division: E. W. SHEETS, chief.
Biochemic Division: M. DORSET, chief.
Field Inspection Division: G. W. POPE, chief.
Division of Hog-Cholera Control: U. G. HOUCK, chief.
Meat Inspection Division: R. P. STEDDOM, chief.
Packers and Stockyards Division: A. W. MILLER, chief.
Pathological Division: JOHN S. BUCKLEY, chief.
Tick Eradication Division: R. A. RAMSAY, chief.
Tuberculosis Eradication Division: A. E. WIGHT, chief.
Division of Virus-Serum Control: D. I. SKIDMORE, chief.
Zoological Division: MAURICE C. HALL, chief.
Experiment Station: W. E. COTTON, superintendent.
Office of Accounts: GEORGE F. TUCKER, in charge.
Office of Personnel: GEORGE H. RUSSELL, in charge.
